

Hausdorff School
„Recent Advances in Quantum and Statistical Mechanics”

Organized by: Christian Brennecke, Serena Cenatiempo & Marco Falconi

Social Event on Wednesday, June 28:
Hike to the Drachenfels

- Venue** Auf dem Drachenfels
53639 Königswinter
<https://www.der-drachenfels.de>
- Meeting Point** Bonn central station (at Quantiusstrasse in front of the IntercityHotel Bonn) at 15.00
or directly at S-Bahn stop Clemens-August-Str. (Königswinter) at 15.40.
- Public Transport** From Bonn central station (**Bonn Hbf (U)**), we take line 66 (direction Clemens-August-Str./Bad Honnef) on platform 4a (departure at 15.13) to the S-Bahn stop **Clemens-August-Str.** in Königswinter (arrival at 15.39).
- Ticket one way** CityPlusTicket 2B 4,20 € (4,07 € via the VRS app: <https://www.vrs.de/>).
- Hike** Starting from S-Bahn stop Clemens-August-Str., there are several equally enjoyable hikes to the top of the Drachenfels. We take the relaxed route over **Nachtigallental** which has a mild slope and takes about 45-60 minutes. Those who prefer not to walk can alternatively take the Drachenfelsbahn (<https://www.drachenfelsbahn.de>) to the top, which operates on Wednesdays from 12.00 to 17.00.

The top of the Drachenfels offers a beautiful panoramic view over the Rheintal. Moreover, we can view the ruins of Burg Drachenfels (built between 1138 and 1167) and get refreshments at restaurant Drachenfels (opening hours on Wednesdays are 10.00 to 18.00).
